

SEASHORE VACATIONS, Inc.

LOCALLY OWNED & OPERATED SINCE 1968.

Owner/Broker-in-Charge, Buddy Konecny, has been with Seashore Vacations since 1989. Our goals are to provide quality accommodations, maximize our owners' rental income, offer the best customer service available to our guests & owners, and to maintain each property at reasonable costs. Call for a free owner's guide and allow us to customize a program to suit your needs.

OUR COMMITMENTS

Forest Beach, Sea Pines & Shipyard - We specialize in Oceanfront and Ocean-Oriented properties on Hilton Head Island's famous South End.

Hands-on, knowledgeable and dedicated staff. We do not rely solely on information stored in a computer to rent your property. Periodic inspections, property evaluations and security checks give our entire staff (front desk, reservationists, maintenance & inspections personnel) a working knowledge of the properties we manage.

We feature every property we manage on our web site (www.seashorehhi.com) with multiple photos plus valuable information about the island. You can also visit our photo gallery at www.svipix.com.

We produce timely statements by the 15th of each month, inspect each property prior to a guest/owner arrival and offer 24-hour on-call service.

We do not pass any marketing fees on to our owners. No "mark-up" charges on contractor invoices. We make every effort to utilize our staff and our years of experience to increase the bottom line for our owners.

Our top priority is renting the properties we manage. We do not own any of the properties on our short-term rental market nor do we sell real estate. We focus on your rentals.
